Nerys M Astbury, Associate Professor Diet & Obesity

9 April 2025

Letter of support for Celine Aldenhoven

As DPhil supervisor to Celine Aldenhoven I enthusiastically write this letter in support of her application to attend the Hong Kong Laureate. Celine exemplifies the values of excellence, innovation, and service that this prestigious award represents.

Throughout her PhD studies to date Celine has consistently demonstrated a profound commitment to scientific advancement. She plans an ambitious series of studies using novel methodologies to help support women after a pregnancy affected by hypertension.

I firmly believe that Celine would gain a lot from attending the Hong Kong Laureate, which would permit her to network with other like-minded, ambitious, creative individuals.

Thank you for your thoughtful consideration of this nomination.

Yours sincerely,

A handwritten signature in black ink that reads 'Nerys' in a cursive, slightly stylized font.

Nerys M Astbury

Associate Professor Diet & Obesity
