

Basic Information

Name in English: Tsoi Pok Kong

University: The Hong Kong Polytechnic University

Major: Bsc (Hons) in Radiography

Year of Study: 3

Mobile no.: +852 59380196

School Email: 22090565d@connect.polyu.hk

Personal Email: tsoipokkong111@gmail.com

Lab Experience

-Student Researcher in The Hong Kong Polytechnic University (Department of Health Technology and Informatics Lab) (02/2023-present)

Project title: An optical imaging platform for Glioblastoma drug screening

Skills acquired: Basic Lab Techniques such as: Cell culture (293T, 05MG, S1R1), Transfection, plasmid extraction, Recombinant DNA, radiolabelling etc.

Cell Assays: Dual Luciferase Reporter Assay, Comet Assay

Extra-curricular Activities or Community Services

-Joined The Pembroke Cambridge Summer Programme, studied subjects related to stem cells in brain development and neuroscience. (2023)

-Participated in a service trip to Nepal to work with the local students on a solution to improve the environment of Tarun School. (2024)

-Participated in lab exchange in National Yang Ming Chiao Tung University, Taipei. Learning techniques of radiolabelling and the applications of isotopes in cancer theranostics. (2025)

Languages Spoken

-Fluent in Cantonese, English and Mandarin

Awards and Scholarships

-2023 HKJC Undergraduate Scholarships
