Cumulative Grade Point Average (CGPA)

- A CGPA is the grade point average obtained by a student in all the semesters undertaken.
- The formula used for calculation of CGPA is as follows:

$$\text{CGPA} = \frac{\Sigma (\text{credits earned for each course} \times \text{grade point awarded for the course})}{\text{The cumulative credits earned over all semesters}}$$

Notes: The following courses are excluded from the calculation of CGPA:

- Course(s) transferred without grade from other institutions.
- Passed course(s) with a P grade.
