

**Publications:**

<b>Date</b>	<b>Journal</b>	<b>Status</b>	<b>Title/authors</b>
2023	European Journal of Clinical Microbiology & Infectious Diseases	Published	Intestinal colonization with multidrug-resistant <i>Enterobacterales</i> : screening, epidemiology, clinical impact, and strategies to decolonize carriers Authors: Edgar I Campos-Madueno , Melika Moradi, <b><u>Yasmine Eddoubaji</u></b> , Fatemeh Shahi , Sina Moradi, Odette J Bernasconi,, Aline I Moser, Andrea Endimiani
2023	Microbiology resource announcement	Published	Complete Genome Sequence of <i>Entomomonas</i> sp. Strain E2T0, Isolated from the Darkling Beetle <i>Zophobas morio</i> Larvae Authors: Aline I. Moser, <b><u>Yasmine Eddoubaji</u></b> , Edgar I. Campos-Madueno, Andrea Endimiani
2023	Journal of Global Antimicrobial Resistance	Published	A new OCH $\beta$ -lactamase from a <i>Brucella pseudintermedia</i> ( <i>Ochrobactrum pseudintermedium</i> ) strain isolated from <i>Zophobas morio</i> larvae Authors: Cindy Kundlacz, Claudia Aldeia, <b><u>Yasmine Eddoubaji</u></b> , Edgar I. Campos-Madueno, Andrea Endimiani
2024	Frontiers Microbiology	Published	A new <i>in vivo</i> model of intestinal colonization using <i>Zophobas morio</i> larvae: testing hyperepidemic ESBL- and carbapenemase-producing <i>Escherichia coli</i> clones Authors: <b><u>Yasmine Eddoubaji</u></b> , Claudia Aldeia, Edgar I. Campos-Madueno, Aline I. Moser, Cindy Kundlacz, Vincent Perreten, Markus Hilty, Andrea Endimiani
2024	Microbiology Resource Announcements	Published	Complete genome sequence of Pseudomonas canadensis strain Pcan-CK-23 isolated from <i>Zophobas morio</i> larvae Authors: Cindy Kundlacz, Claudia Aldeia, <b><u>Yasmine Eddoubaji</u></b> , Edgar I. Campos-Madueno, Andrea Endimiani
2024	Journal of Global Antimicrobial Re-sistance	Published	Refining the gut colonization <i>Zophobas morio</i> larvae model using an oral administration of multidrug-resistant <i>Escherichia coli</i> Authors: <b><u>Yasmine Eddoubaji</u></b> , Claudia Aldeia, Dik Heg, Edgar I. Campos-Madueno, Andrea Endimiani
2024	Journal of Global Antimicrobial Re-sistance	In Review	Whole-genome of an <i>Enterococcus devriesei</i> strain isolated from <i>Zophobas morio</i> larvae Authors: Cindy Kundlacz, <b><u>Yasmine Eddoubaji</u></b> , Edgar I. Campos-Madueno, Andrea Endimiani
