**To whom it may concern**

The Department of Mathematics, School of Natural Sciences, National University of Sciences and Technology (NUST) is pleased to recommend Ms. Haniyyah Ul Irshad for the Hong Kong Laureate Forum 2025. She has been one of our most dedicated and driven students, making meaningful contributions to both academics and research within our institution.

Ms. Haniyyah has shown a deep passion for mathematical research, actively participating in scholarly discussions and working closely with peers beyond her coursework. She has been instrumental in organizing research-focused events, including departmental seminars and the final-year projects Open House, which encourage knowledge-sharing among students and faculty. Her initiative and ability to promote academic dialogue reflect her strong leadership skills.

NUST is committed to supporting exceptional students in global scientific forums, and we believe Ms. Haniyyah is an ideal candidate. Given her academic excellence and active involvement in research, her participation in the Hong Kong Laureate Forum 2025 will not only enrich her own learning but also help build connections between young researchers and leading experts worldwide.

We strongly endorse her application and are confident she will represent NUST with distinction.
