

## **Annie Rose “Rosie” Harrison**

**Email:** arharrison9@gmail.com

**Mobile:** +61466452496

Friendly and mature second-year university student with proven time management and collaboration skills developed through academics, sports, and volunteer activities. Keen interest in science with an emphasis on biological and human sciences. Skills and extracurricular learning, developed through volunteer work & engagement in service organisations, have reinforced the value of teamwork, learning from others and professional development.

### **Education**

Wesley College, Melbourne, VCE 2023

The University of Melbourne, Bachelor of Science, 2024 – present

The University of Melbourne overseas exchange program to McGill University, Canada, Jan – May 2025

### **Key Skills**

- Teamwork
- Ability to multitask
- Highly adaptable
- Problem solving
- Effective time management
- Fast learner
- Dispute resolution
- Eye for detail
- Forward-thinking and methodical

### **Volunteer Placements**

*Flying Fox, 2022 – present*

I have been regularly involved in the Flying Fox program since 2022 to provide support during camps and other weekend outings for children and young people with disabilities. This has allowed me to assist young people with disabilities to have fun in various activities on camps and weekend activities. It has enabled me to learn about developmental, intellectual and learning disabilities from the camp leaders and from observing the participants of the camps. In addition to my interactions with campers, I also provided support to ensure camps ran smoothly and safely through the night.

### **Curriculum & co-curricular**

*Academic achievements*

Consistent grades throughout high school

Participation and leadership in extracurricular activities

Recognition from school principal for academic excellence

### *Other achievements*

- Exclusive Wesley College ROAR award for consistent respect for the community, commitment to the various opportunities offered by the college, achievement in different aspects of school life and resilience through a variety of challenges.
