Hong Kong SAR, China

Dear Ms. Shiu,

MSc in Environmental Health and Safety
Targeted Taught Postgraduate Programmes Fellowships Scheme 2024-25

I am pleased to inform you that you have earned a place in the Targeted Taught Postgraduate Programmes Fellowships Scheme 2024-25 in our program - MSc in Environmental Health and Safety, taking into account of your academic achievements, professional qualifications, relevant working experience and achievements in other areas.

As the fellowship student, you are required to pay a minimum tuition fee of HK\$42,100, and the differences (i.e. HK\$102,900) will be subsidised by the fellowship.

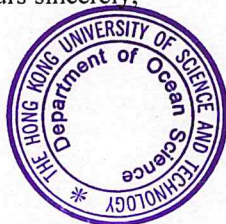

On behalf of the Department of Ocean Science, I wish you success in your study at HKUST.

Remarks:

1. To avoid double subsidy, fellowship students who are receiving other forms of government scholarship (except student financial assistance) for pursuing the same program will not be considered. Please note that you are not eligible to apply for the Continuing Education Fund (CEF) after successful completion of the program.
2. Fellowship students may not switch to another eligible TPg programme once the fellowship is disbursed.
3. The fellowship will only cover the tuition fees for 30 credits of course work. Fellowship students who need to retake failed course(s) or take extra course(s) (including transferred course) beyond the 30-credit limit to fulfill the graduation requirement are required to pay HK\$4,333 for each extra credit.

If you accept the terms of this fellowship award, please reply our email **on or before 28 June 2024**.

Yours sincerely,

MSc in Environmental Health and Safety
Department of Ocean Science
The Hong Kong University of Science and Technology
