To Whom It May Concern

I am writing this as an endorsement to **Mr. Muhammad Ehtisham Ibraheem Khan**, as his supervisor at Indena SpA, I had the pleasure of overseeing his work as a research intern in our kilo lab. During his tenure, Mr. Khan demonstrated dedication and a profound understanding of pharmaceutical research.

Mr. Khan joined our research laboratories as a part of his PhD program and quickly proved himself a highly capable and diligent researcher. His primary responsibilities included synthesizing pharmaceutical compounds, developing new methodologies, and contributing to ongoing research projects. Throughout his internship, he displayed a profound understanding of advanced pharmaceutical principles and techniques.

Moreover, Mr. Khan displayed excellent teamwork and communication skills. He collaborated seamlessly with other team members, sharing insights and contributing to a collaborative and productive research environment. His positive attitude and willingness to assist others made him a valued member of our team.

One of Mr. Khan's standout qualities is his relentless pursuit of knowledge and continuous improvement. He frequently engaged in discussions about the latest advancements in pharmaceutical research and brought fresh perspectives to our projects. His enthusiasm for learning and his ability to apply new knowledge effectively were evident throughout his tenure.

In summary, I highly recommend Mr. Muhammad Ehtisham Ibraheem Khan for any future research opportunities or professional endeavours. I am confident that he will continue to excel and make significant contributions in his future endeavours.

Please feel free to contact me if you require any further information or have any questions regarding Mr. Khan's capabilities and performance during his internship.

Sincerely,

Andrea Gambini
R&D Supervisor
Indena SpA.
